Ten Candidates Seek Council Seats

Ten candidates have filed for three seats on the Placentia City Council, vying in an election to be decided on April 13.

The voters at that time will choose a majority of their governing body members.

Only one incumbent, Mayor Pro Tem Michael Callahan will seek reelection but current Mayor Robert Lyons will be the sole person contending for the post of city treasurer. Treasurer for the past 16 years has been Raymond Pound, who declined to file.

Council candidates soliciting approval of the voters, in alphabetical order include: Bob Bircher, member of the city's Planning Commission; Wayne Bolger, former Beautification Commissioner; Mayor Pro Tem Callahan; Bob Davis, a candidate two years ago; Virginia Farmer, the only women candidate and a Trustee of the Placentia Library District; Don Holt; member of the Industrial Commission; Ed V. Jones, local businessman in electric supplies; William Rashford, recently resigned chairman of the Planning Commission; Donald Stephenson, local business man, a beautician and Robert Whitmore, an attorney.

All completed filing their nomination papers by the noon Tuesday deadline.

Prospective candidates who had taken out official papers but decided not to make the race include Wally Curl, principal of Ruby Drive Elementary School who felt that the job might be too time consuming along with his other duties; Edward Houston, also active in a number of city efforts; Rollin O'Connell and Benjamin Sargent.

Few of the candidates have as yet issued platforms on major issues but some have committed themselves to voting positions in their service to the city in other capacities.

Callahan, Bircher and Rashford have voted in opposition to the specified route selected for the widening of Chapman Avenue and Holt has been active in efforts to save the Bradford House, an item which will also be placed before voters on the April 13 ballot.

Callahan has indicated a continuing interest in eliminating the utility tax and a campaign for economics in government. Among Callahan supporters listed are Albert S. Bradford, Councilman and Mrs. George De Jesus; J.C. Campbell III, Jack Scarpa, with whom Callahan has had differences in the past and a business partner of Scarpa's Frank Szalwinski and Planning Commissioner William Beggerly and Mrs. Beggerly. Both Campbell and Beggerly have contributed to the Callahan campaign.

Campbell also has signed Rashford's papers, along with Lee Van Gorden and Ollie Weaver.

Signing Virginia Farmer's forms are Library Trustees Alfred Aguirre, Irene Czaplinski, Kathryn McKnight and Victor Michel for a clean sweep of the library board. Current city Treasurer Raymond Pound and former Fire Chief James Sims are other signers.

On Bolger's application are Beautification Commissioners James Eyre and Donald Stogsdill as well as Mayor Robert Lyons and Mrs. Lyons. Vic Michel's name also appears along with Marvin Reid.

Leland Castner's name appears on the legal limit of three supported candidates, Donald Stephenson, Michael Callahan and Virginia Farmer.

SERVING THE COMMUNITY FOR MORE THAN 60 YEARS

Volume 65—Number 29 Placentia, California— Wednesday, February 11, 1976 10¢ Per Copy

Council Eyes City's Older Sections

A possibility that older sections of Placentia will require some type of rehabilitation, was discussed informally by city council members and staff following last week's city council meeting.

The problem of "dilapidated" housing was brought up in a budget report by Barry Hogan, the city's acting planning division head.

Referring to the Santa Fe area, Hogan advised: "The area is going to continue to decay unless the city steps in and does some redevelopment."

The areas isolated for concern were Santa Fe, Atwood and La Jolla. Hogan spoke in favor of some type of self help developments such as the homes built partially by residents themselves in the Atwood area.

Councilman Jack Gomez pointed out that in some older sections of the city this might not be practical because houses were mostly rented and the owners do not live on the premises and therefore would not be interested in that type of project.

"I'm not much in love with redevelopment," Gomez stated. "There are new methods to upgrade areas that are faster and more economical than redevelopment. There is low interest financing and outright grants to upgrade city blocks."

Councilmen recommended a planning department study in an effort to assess the needs of the areas involved.

Library Cards

The Placentia Library District will institute a new policy concerning library cards on Tuesday, February 17, 1976.

New applicants will be required to pick up their permanent library cards. In the past the Placentia Library has mailed the permanent cards, but rising postage has made this a costly procedure. Any patron with a card or order before February 17, 1976 will receive his card through the mail if not picked up at the library.

Patrons who have not picked up their permanent card within one year from the application date will be required to reapply.

VALENTINE'S DAY can be a very serious business as Jennifer Cross, a first grade student at Children's World School in Placentia can attest. And when it's for somebody very special, it has to be exactly right. Just as many other Placentians were pondering this week on how best to say "I Love You" to the very special people in their lives.

Powell Gets Big Boost In Pay

An additional 10 per cent raise in pay, boosted Placentia City Administrator Edwin Powell's annual stipend to $37,404 last week, (plus the city's generous fringe benefits,) to make him the highest paid administrator in an Orange County city the size of Placentia with the exception of industrially-rich Irvine.

The raise, apparently sought by Powell for several months, came on a sharply divided 3 to 2 city council vote.

The boost apparently makes Powell the highest paid public figure in the city of Placentia, topping even Superintendent of Schools of the Placentia Unified School District, John O. Tynes by $100 or so a year.

Tynes supervises a $15 million corporation of 21 schools in a 35 square mile area.

Powell's new income, which went up from $36,044 a year, compares with a $29,496 maximum salary paid in Seal Beach, a city of 27,500 population and Tustin's $30,000 with 28,000 residents.

Two cities in which the salary is almost as high or higher with a lower population are Brea which pays a maximum of $37,152 for 23,500 population and Irvine, $38,496 for a city of 22,500.

Placentia is roughly seven square miles with 30,000 population.

There was no indication by the three councilmen voting for the raise that it is a maximum amount or the top of the scale.

Mayor Pro Tem Michael Callahan and Councilman George De Jesus strongly objected to the hearty boost.

Councilman De Jesus started: "I'm not about to divulge what transpired in the executive sessions per se, but at various times we have had discussions. I would like to reiterate some of the points of view suggested by certain councilmen. I

PUSD Board Defers Hot Smoking Issue

With three school board members speaking strongly against the concept and a handful of students and parents appearing on its support, designated smoking areas on campuses of the high schools of the Placentia Unified School District was shifted back to staff Monday night.

Decision on the controversial subject apparently will not be made until Superintendent of Schools John O. Tynes concludes conferences with the area's three high school principals before returning it to board vote.

Designated smoking areas on campus were first brought to the attention of the board by student spokesmen from the high schools, some of whom were present Monday night.

Previous concern of the students was for an "open campus" giving them the right to leave school grounds during their lunch period. This policy has since been adopted by the board and is now in force with only minor ruckuses developing over the liberties.

The smoking issue presentation to the PUSD Board Monday night followed a survey of parents on the subject, suggested at the Trustees last hearing of the problem.

Dr. Marvin Stewart, Acting Assistant Superintendent of Instructional Services for PUSD, reported Monday night that 14,000 questionnaires on the smoking area policy had been mailed to parents for a

Boundary Disputes Still Unsettled

A preliminary report from the chairman of the Educational Facilities Planning Committee of the Placentia Unified School District, moved one step nearer to decisions Monday night concerning two school boundary change disputes which have brought out record numbers of parents in protest.

The committee report made before the regular board meeting of PUSD Trustees still leave the two controversies unsettled.

The boundary changes if they go into effect, will concern some students from the Sierra Vista badly overpopulated and nearby Brookhaven Elementary School with excess room. The Van Buren question concerns insufficient room in both Bernardo Yorba Junior High School and Esperanza High.

Among solutions being considered by the EFPC are that a portion of the Sierra Vista area be diverted into Brookhaven and that Van Buren students be bused to Kraemer Junior High School and Valencia High School.

Ruth Leonard, chairman of the EFPC in a report to PUSD Trustees Monday night gave an accounting of the recent vote by the committee concerning Sierra Vista. Of the 30 member committee, ten were in attendance and the vote was a seven to three in favor of shifting the boundaries.

A committee minority report given by Barbara Williams, PTA President of Sierra Vista and a member of the committee made different recommendations to the school board.

"There were four reasons against the majority recommendations," Mrs. Williams stated. "An established neighborhood should not be forced out of its elementary school because of a new housing tract," she began.

"One street has had a history of being moved several times. Third. The facilities of the two schools, Sierra Vista and Brookhaven are quite different...Brookhaven having open and Sierra Vista a closed classroom concept."

The fourth reason, Mrs. Williams

City Attorney Might Move

A proposal from Charles J. Post III, City Attorney of Placentia and a Councilman in Hermosa Beach, that he move his office into Placentia's City Hall, was placed on the city council agenda last week but removed before it was discussed.

Post, in a letter to the council, suggested that he spend half of his time, or 20 hours a week for a "uniform monthly fee of $2,000 plus the 'fringes'."

"For this sum I would handle all the legal affairs of the city including what are now termed extraordinary services. I believe the preventive law approach would reduce the need for special counsel and would decrease expense," Post explained.

"I would further propose to move my office into the Placentia City Hall. I have office furniture and a secretary who is willing to work with me at Placentia for 20 hours or 2½ days per week for $500 per month," Post continued.

Post now receives $1,000 a month for regular services to the city of Placentia plus extra fees for any court appearances. His services now run close to $20,000 a year, Frank Dunnavant, Director of Finance estimates.

Post explained: "Many decisions with serious legal implications are made without benefit of counsel. The City Attorney often finds himself acquainted with a problem only after it has reached a stage where litigation is imminent. He often starts his task when it is necessary to 'pick up the pieces'."

"Lawsuits are expensive and time-consuming, and while no city can avoid them altogether, they should be kept to a minimum."

"If the amount of 'preventative

Information On Bradford House

About the Bradford House - please, please, somebody tell us truly in some kind of ball park figure, what it is going to cost to preserve and maintain the Bradford House?

Surely most families have some heirlooms, whether it's grandfather's Bible, Aunt Sue's tintype, a signet ring, a piece of furniture - maybe just a memory, but a vital line with the past which gives a sense of being, belonging and individual, permanent worth. (The sense of impermanence is what some people feel is the root of many of the world's troubles today.)

How we mourn and agonize over our shortsightedness in not preserving some of our remembered treasures - increasingly so as we view the dispensable plastic tomorrow. What a tragedy, especially in this bicentennial year, if we were to rob our children of a visual witness of their line to the past, a good past out of which dreams can grow - - out of which visions can take form. Need we be reminded that "without vision, the people perish." (Proverbs 29:18 - "Where there is no vision, the people perish.")

Many children will be inspired as they tour Bradford House with family or via field trips. Can a price be put on the glow of imagination or the excitement of an idea?

Every year we make a big "to-do" over our Heritage Days. Indeed, Placentia is known for its rich heritage and its appreciation of it. Would the demolition of Bradford House lay bare the shallowness of the celebration? (A goodly sum could be realized toward salvaging Bradford House through Heritage Days week if all funds raised were so committed!)

Of course, anything can be carried too far. We must be realistic and practical. Too much "treasure" soon becomes "trash." Abandoning necessary commodities and services to the people would be unwise, but once this beautiful testament to the roots of our people is levelled, it will be gone forever.

Now, again, I ask what is the price in dollars and cents that the taxpayer will have to pay to preserve this treasure? What goods and services will we have to give up? It is only fair that we know these things before we are asked to make an IRREVOCABLE choice at the polls.

Bear with me further just to let me say, since the Key House keeps coming up, in spite of the grace of the lovely grounds there is no comparison architecturally to the Bradford House, and because it is under the auspices of the county we will have no part in its use, preservation or future.

So please, honorable councilmen, provide the people with the facts.

Thanking you sincerely, I am

In Love - with Placentia

In reference to the Bradford House, I would like to suggest that its restoration be included in a BRADFORD BI-CENTENNIAL PARK THAT WILL PRESERVE OUR PAST WHILE BEAUTIFYING OUR PRESENT AND PROVIDING A GREEN HAVEN FOR OUR FUTURE A LOCAL HISTORICAL MUSEUM THAT WILL SHOW OUR CHILDREN THAT THE PAST PROVIDES THE ROOTS FOR THE FUTURE DOWN WITH POLITICAL DOUBLE TALK AND UP WITH PLACENTIA'S BRADFORD BI-CENTENNIAL PARK!

Certainly the city of Placentia should restore and dedicate this wonderful gift to our citizens as was the intent of the giver.

The city of Tulsa, Oklahoma, has such a park which is a constant joy to all its citizens, an example of what is possible here. Why don't you run a feature on what Tulsa has done to show us the possibilities? Specimen trees would no doubt be donated. Perhaps a rose garden such as Tulsa has, shrub plantings that would make it a bird sanctuary where we humans might meet and mingle with our feathered neighbors, learn their ways, hear their songs. There are mighty possibilities in such a museum and park. Let's get on with it!

Yours truly,
Mrs. Mary A. Thomas

Student Would Save Home

Dear Editor:

What is this nonsense I hear about the city council wanting to tear down the old Bradford house? I feel this is a sad mistake on the part of the council. For one reason, they didn't give the people of Placentia enough information on the subject. (For instance, when is the bill going to be voted on, why is the house going to be torn down etc...) I'm willing to bet that over half of the people living on my block don't even know about it. Second, I feel that this house could be made into some kind of museum or monumental relic. It should be made into some kind of place that the city could be proud of. It would also show visitors that we are really involved people who like to see what we want to see.

And as for shopping centers, do you honestly think that we need any more stores? We already have a center in which people can buy anything from clothing to sporting goods.

Also, can anyone honestly say this house is an eye-sore? I think not! The Bradford house is a very beautiful building. I realize that, because I'm only in High School, a lot of people won't care to read this letter, but isn't it just a little sad to think that, as we are celebrating our 50th birthday (as a city), an important part of Placentia's heritage is going to be taken away from us.

Thank you,
A Valencia High School Sophomore

Boundary Disputes. . .

listed is that the proposed boundary change may not really prevent overcrowding at Sierra Vista. Enrollment at the school now is 698. Children from the new housing tracts could be as many as 180, making an estimated new enrollment total of 828 children. Sierra Vista's capacity is 740.

The boundaries would still be changed but children of families going to Sierra Vista this year would be able to present a written request to keep their children at Sierra Vista.

Any new move-ins in the area would attend Brookhaven. Eventually this would mean that the boundaries would be changed but more gradually. New housing tracts would enter Sierra Vista until its capacity is full then after that they would have to be placed on the space available waiting list, Mrs. Williams outlined.

These youngsters would be bused to Brookhaven until the school enrollment decreased and room was available for them, she explained.

"According to the census last fall, Sierra Vista should peak next year at 705 students and gradually would go down with boundaries existing right now. The school would then go down gradually over the next five years," Mrs. Williams concluded.

The presentation to the board followed a EFPC meeting at which several Sierra Vista parents appeared and petitioned the committee not to move the established students.

Board hearings on the disputes for both schools will be set by the Trustees, board President, Dr. William Yates outlined Monday night, but meeting times and dates were not specified.

Powell Pay Boost

[Continued from Page 1]

hate to be specific but I'm going to have to be.

"Councilman Gomez I distinctly remember you saying sir on this subject of salaries, 'everything is just running away, getting out of hand'."

"You Mayor Lyons have also consistently questioned the salaries of staff, rising costs and cost in relation to responsibilities."

"You Councilman Langer remind us religiously of our obligations to the electorate...the constant cliche.. fiscal responsibility."

De Jesus continued: "We have reduced the staff by some 20 per cent, 150 employees to 124. This is the result of the fire department going to the county. Think of it gentlemen, we have now eliminated one entire department."

Mayor Pro Tem Callahan added: "I try not to deal in personalities. We all accept the fact that should a good opportunity arise or a good planning job with one of the other 25 cities, no one would feel bad if a planner left as this would be a better opportunity.

"Most of us who have lived in the city of Placentia 8, 10 or 12 years, feel that we're going to be here even after some of the better managers have come and gone. We're still going to be paying the taxes and living in the city."

Callahan listed: "Our Congressman gets $39,000 a year; our state senator $21,000 a year; our state assemblyman, $21,000 a year.

"Chairman of the Orange County Board of Supervisors, Ralph A. Diedrich, gets $25,000 a year. The Orange County Administration officer gets $46,000 and this is a $280 million a year corporation. The Orange County Sanitation Director gets $39,000 and administers a $38 million corporation."

Callahan then told that Fullerton was advertising for a city administrator. Fullerton's population is 93,000...we have 30,000. They have a $25.6 million budget. Ours is $5 million. They have 625 employees. We have 125. They are offering a salary of $33,000 to $37,000 depending on qualifications. With 10 years administrative experience!

"All I am saying is, I think there is a time when we have to start saying no. There comes a time when we're going to have to start saying...we can't spare anymore. If there is a better chance and a better opportunity, perhaps we will have to start letting our better guys go.

"There are 30,000 people here and no visible large industrial complex."

Mayor Lyons: "I think it is our responsibility to establish a fair and equitable salary for the city manager. We like to pay in the upper half," Lyons said. "We have been holding to that."

Councilman Robert Langer apparently was upset by the discussion. "This has been one of the most embarrasing moments of my career. I believe that this is the first time that anyone has ever questioned whether the city administrator should receive a salary increase. Mr. Powell has not received a salary embarrassing moments of my career. I believe that this is the first time that anyone has ever questioned whether the city administrator should receive a salary increase. Mr. Powell has not received a salary increase in 18 months. I'm sorry to say this council really has not done its job. We finally got around to it. You only get what you pay for."

Councilman Jack Gomez also praised Powell. "I'm critical of our city administrator," Gomez explained. "He has his faults. But we have one of the finest city administrators that any city could have. I wouldn't hesitate to go along with Councilman Langer and Mayor Lyons."

Mayor Lyons: "While I am on the same side as you on the city administrator's salary, I am aghast that you would be embarrassed by discussing any amount of city business before the public."

FORMIDABLE FEBRUARY was offering a lot of challenges this week. First the serious drought had turned into incessant rain. Then Abraham Lincoln's Birthday appeared where it was expected to be, February 12, followed closely by a Friday the 13th and of course Valentine's Day. But George Washington's Birthday was all over the place and you have a choice, either Monday the 16th or Sunday, the traditional 22nd. And adding to the confusion of the attractive El Dorado High School juniors above...is that 1976 is a Leap Year. Does she call him...or he her...or vice versa? Sure to get it all worked out before the month is over is pretty El Dorado Wrestling Tournament Queen Shelley Snook, who is also a song leader for the Hawks, and boyfriend Bob Sellers, who is recognized in water polo and golf at the Placentia high school.

Smoking Issue

vote.

Seventeen per cent responded with 1,305 no votes tallied and 391 in favor of the concept.

The parent survey represented responses from 1,283 elementary children's parents; 382 junior high and 1,046 senior high. The level returning the questionnaire was highest from high school parents with 25 per cent responding to the survey.

Trustee Jean Pappas led the board discussion with "I'm impressed by the number of very carefully written letters from people who obviously care very much and I certainly think we need to listen to those people who care very much.

"I personally don't think that designating a smoking area is going to remedy the bathroom situation and I think that we do need a remedy there and I think it is time to figure out or beef up our surveillance problem. I think it is just adding fuel to the fire having an area for students to smoke in."

Board member John Press somewhat echoed Mrs. Pappas' statements. "I think that the most impressive single thing is the fact that we have almost unanimous feeling within the district concerning the abuse that is now going on virtually all of the campuses in terms of the use to which the restrooms are being put." (Students have complained of large numbers of smokers).

"The people who are indicating they do not want a smoking area on campus and the people who are suggesting that there should be a smoking area, seem to be mostly saying the same thing, that the restroom situation is what needs to be corrected...It appears as though the very great majority of students in our high schools are being placed in a situation they find distasteful to them."

Trustee John Balducci: "I regret the small percentage of response we got but I think that's typical. The kind of data I would like to see would come from those parents who have kids that smoke. Non smokers have brought up a very valid issue here. We have to give some attention to that...

"I recognize that people look to us to set an example. I think we have done a pretty good job but not good enough. I'd like to see these kids get a chance at it...I think we should stop moralizing and look at the practical problems."

Balducci is the only member of the school board who smokes.

Dr. William Yates, president of the board quoted an article he had read by the president of the American Cancer Society.

In other states, Yates quoted, where smoking areas have been tried, some schools have already been forced to rescind that policy because the restroom problem was not relieved and vandalism did not decrease.
decrease.

"What these young people are doing, is laying the groundwork for disease and possible death as early as middle age," Yates reported the article. "The last thing they need is official sanction and encouragement from those who are supposed to be teaching them habits of good health.

"The new law (California legislature) has deleted all reference to age. Twelve-year-olds could smoke with impunity in high school smoking preserves," Yates continued.

City Attorney

[Continued from Page 1]

law' practiced by the city attorney could be increased, the risk of legal complications and lawsuits decreases. If the city attorney were present at City Hall more of the time, he could acquaint himself with potential problems at an earlier stage and be able to practice more 'preventative law'," the letter states.

Post also indicates in his letter that the city of Manhattan Beach might be interested in the other 20 hours of his service weekly but "it is unlikely that they will take any action until after their city elections on March 2."

In a recent shift in Placentia city budget funds, $24,000 additional monies was set aside for legal fees in addition to the $12,000 already budgeted. Extra legal services also have been required for a number of matters concerning the now extinct fire department, which accounts for the extra allocation.

Post's term as a Hermosa Beach councilman will conclude with a March 2 election. He is not a candidate for reelection, he stated.

Candidates Statements

Robert Whitmore Declaration

The following information is given in connection with my candidacy for the City Council in the City of Placentia.

I was born in the State of Virginia in 1924 and received grammar and high school education in that state.

Following my Honorable Discharge from the United States Navy after 3 years, I was married to Lois Crowton now Lois Whitmore with whom I have resided since our marriage in 1946, and at 1220 Hacienda, Placentia, since June 1965. We have three daughters, all of whom are married and living in Virginia, Fullerton, (California,) and Hawaii.

Subsequent to my graduation from Radio Institute in Salt Lake City, Utah, in 1950, we moved from Salt Lake to Southern California where I was employed as an electronic technician for 2 years, before my wife and I opened our own electronic repair business in Bellflower, California, which we continued to operate until September, 1972.

I was graduated From Western State University, College of Law, in June, 1971, and admitted to the California Bar in January, 1972. I have been engaged in private practice of law in Placentia since June, 1972.

At various times during my tenure in California I have served the following organizations in the capacities listed: Past President 1960-1962 California State Electronics Association; Member Cerritos College Advisory Board, 1963 through 1973; Past Member State Advisory Board to the California Bureau of Electronic Repair Dealers; Past Member Placentia Boys Club Board of Directors; Member Placentia and Yorba Linda Chambers of Commerce; Member Yorba Linda Masonic Lodge; Member CRA, Placentia-Yorba Linda; Director Placentia Art Association; Member California State Bar, American Bar Association, Orange County Bar Association, Orange County Trial Lawyers Association.

My philosphy of government is very simple. It is, "that government governs best which governs least."

I am convinced that most of the major problems confronting us can be better solved by the private sector operating within the purview of the free enterprise system, rather than by government, always mindful that government has no resources whatever until it takes from you and me. Even the so-called 'federal" and "state", funds come from only one source, you and I as taxpayers. If elected, I will work toward reducing our tax burden, to keep a greater portion of our tax dollars in the local community, thus avoiding the losses due to the high cost of administration in such places as Washington and Sacramento. For, after all, if the federal or state governments have money to give back to us, why did they take it in the first instance?

What is returned to us represents only a small part of what was collected from us. If it had been left here we could have done those things we wanted to do without the strings, at less cost because we wouldn't have had to pay the "commission" for some bureaucrat to tell us how and where to spend our money. I am convinced, we, better than they, are in a better position to know what our citizenry wants, needs, and are willing to be taxed to achieve. Accordingly, in my view, the time has come for us to stand up and be counted among those who are willing to say to big brother, "just get off our backs and we will do it ourselves."

Hopefully my training, experience and education will enable me to provide that stability so desperately needed in our community today.

Donald Stephenson Files

My decision to run for city council was based on the premise that the people ought to have the right to run their city, the right to have a say in how their tax dollars are spent, and some say in planning the future of our city.

The present body of city councilmen have shown a flagrant disregard for our rights. Did we have a say in the controversial five acres? Did we the voters decide if we were willing to pay 5 per cent utility tax? And for how long? Did the people decide to spend tax dollars to widen Chapman Avenue?

When the city fathers need money they merely pass an income-producing ordinance and the people pay and pay again.

I feel, for instance, that zoning, building and variance permits should not cost the citizen money until it has been approved. I will work to this end.

The people's right to control their own property should be restored. The people should run the city; not City Hall running the people!

Donald Stephenson,

Houston Will Not Run

To The Citizens of Placentia

Since joining the Placentia Jaycees over 3-years ago, I have been involved with many activities related to our community. I have been Director of the Placentia Jaycees, President of the Placentia Heritage Festival, Treasurer of the Placentia Bicentennial Committee, and Chairman of the Placentia Heritage Festival parade. I've also been a member of the Golden School PTA and the YMCA Indian Guides. All of these groups directly relate to the community and its citizens.

I am proud to be a citizen of Placentia and desire to help with and participate in the activities of this community. On 28 January I took out papers to file for candidacy for the Placentia City Council. I did this because I am sincerely interested in giving my time and services to the city and its citizens. In recent days I have talked with many people, including members of the City Council. I've found that, to effectively represent the voters of our city, I would have to spend many evenings and weekend days of the month away from my family. I've decided, after much consideration, that it would not be fair for me to neglect my responsibilities to my wife and two young boys, much though I would wish to be a member of the City Coucil. Consequently, I have not filed my nomination papers and will not run for City Council this year.

I am grateful to those people who signed my nomination petition and I thank those who supported me and encouraged me to run. As I have with the present City Council, I offer my services to the new City Council. I am still interested in serving my city as a City Commission member or in any other way that I might help. I congratulate those candidates who have filed and wish them luck in the election.

Festival Seeks Ideas

The public is cordially invited to attend the next meeting of the Board of Directors of the Placentia Heritage Festival Days. The meeting will convene at 8 p.m. Thursday, February 12 in the Recreation Building at Koch Park.

Dick Samp, president of the group said that areas will be explored to increase the popularity of the annual festival, usually held in October.

Among ideas already discussed are discontinuing the game booths at the Picnic in the Park, substituting home made games; including stunts similar to the TV format, "Anything Goes"; getting the city council more involved; dances, craft booths, donkey and softball games, youngster rides.

Also holding an all-food type festival; more participation from schools and PTAs; parade floats built by students, funded by area businessmen; a mixed softball tournament and horseshoe competition.

The public is encouraged to make suggestions and submit ideas, Samp said.

Perceptual Training Course Open

There's still time to sign up for the Perceptual Training classes being sponsored by the Placentia Recreation Department. The classes will be held on Saturday mornings, beginning Saturday, February 21, and are open to boys and girls 3-8 years of age.

Registration for the course will be taken at the Recreation Department Office, 117 North Main Street through Friday, February 13. Office hours are from 8 a.m. until 6 p.m.

For further information, please call 993-8232.

Library Showcase

What place is that?

In response to numerous inquiries the reference department staff has produced a pamphlet listing historical sights in and around Yorba. Included are such landmarks as the first schoolhouse, the first bank, the first garage and lumberyard and the Pacific Electric railway depot. A map showing the locations of these and other pioneer establishments is included on the back of the pamphlet.

Anything missing?

Materials ranging from birth certificates for horses, as well as people, to packing lists and manuscripts have been left in the Xerox over the past few months. Owners may retrieve these papers from the receptionist at the lobby desk after proper identification.

Reminder:

The Yorba Linda library will be closed on Thursday, February 12 and Monday the 16 in observance of Lincoln's and Washington's birthdays.

ONE GOOD TURN can turn into a surprise. And the most surprised of all at a recent board meeting of the Placentia Unified School District was Trustee John Balducci, [on the right.] The beginning of the story went back to last year's Placentia Heritage Festival Days Parade when Any Alberti, [on the left] was selling American flags down the parade route for the Placentia-Yorba Linda California Republican Assembly. He had sold out of the Bennington Flag [in the picture] when a visitor to the parade from England asked especially for one to take back home with her. Scanning the crowd, Alberti saw Balducci with the flag he had just sold him and asked if he would mind giving it to the English lady. Balducci proudly did. "I'd forgotten all about it," Balducci told Alberti when the latter unexpectedly turned up at the school board meeting with a replacement for the flag. "I was happy to do it!" "He was exceptionally nice about it," Alberti recalled this week.

To pack frosted cake in a child's lunch, sprinkle the waxed paper with powdered sugar. Frosting will stick to cake instead of paper.

Put strips of reflective tape in tricycles, skates, rakes, and other items that are likely to be tripped over if left outside at night.

Best way to clean pearls: just wash in warm soapy water, rinse and dry. Don't rub with anything but soft flannel or a dry chamois.

When broiling meats, place a piece or two of dry bread in the broiler pan to soak up fat. There'll be less chance of smoking or fire.

Coffee on the rug? Blot up excess, then rub the spot with a solution of detergent, vinegar, and water.

Birthdays Prompt Flag Flying

Judi Olsen, Bicentennial Project Chairman of the Placentia Junior Round Table would like to remind residents to fly their flags on Thursday, February 12 to honor Abraham Lincoln, the 16th President of the United States and on Monday, February 16 to honor George Washington, the nations first president.

The Juniors are hoping that the stars and stripes will be flown from every private as well as public building in the city. Let's prove we are glad to be citizens of this free country, Mrs. Olsen advises.

7 YMCA Backpackers

In October 1975, the Yorba Linda YMCA organized a Senior High Backpacking Club. Since then the club, under the leadership of counselors Ron Boutain, Jeff Porter, Debbie Jones and Gary Huff has become more and more diversified.

The club emphasizes hiking and camping but has included service to the Pala Indian Reservation, rock climbing and winter sports in its activities.

In December the group delivered $700 worth of donated new toys and food to the Pala Indian Reservation to help them celebrate Christmas. Several Fairmont Elementary School students from Yorba Linda also participated in the experience.

The result was a trip where senior high students could be of benefit to both Indian children and Yorba Linda children.

Since the trip to the Indian reservation, the group has been to the snow in the San Jacinto Mountains and has spent two days learning rock climbing at Joshua Tree.

Trips coming up include a trip to the snow, March 12, 13 and 14, a trip to the river in May and a Candaian backpacking trip this coming summer.

The group is also heavily involved in fund raising activities to help pay for the cost of the trips.

Any person interested in joining this Senior High Club may sign up any time. Everyone is welcome.

YOUR Pharmacist SPEAKS

By John Payne, Owner - Reg. Pharmacist

Aspirin, that simple but versatile drug found in every medicine cabinet, enjoyed a rediscovery in 1899. First discovered in 1853, it was believed to be virtually worthless!

Aspirin's new lease on life came about in a search for a substitute for salicylic acid. A new and closer look at acetyl-salicylic acid brought to light its amazing effectiveness against fever and pain. Every year, Americans manage to down between 18 and 20 billion aspirin tablets. That averages about 100 for every man, woman and child!

Whether it's your first visit, or a rediscovery, you will find that your prescriptions are filled accurately and quickly when you bring them to LINDA VISTA PHARMACY, where we take an interest in you and your health. Delivery at no extra charge.

HANDY HINT: To remove iron rust, sprinkle stain with salt, squeeze lemon juice on it, spread in sun to dry. Add lemon juice if stain remains. Rinse well.

Taste Barrier Broken.

Struggle to get taste into low tar smoking ends suddenly with new 'Enriched Flavor' discovery for 9 mg. tar MERIT.

For years, dependency on tar for taste has created a taste barrier for low tar cigarettes.

A limit on how good a low tar smoke could taste.

Now that barrier has been broken.

Broken by a remarkable cigarette called MERIT. MERIT packs a radically-new 'Enriched Flavor' discovery developed after years of research by Philip Morris.

'Enriched Flavor' is so good at packing extra flavor into tobacco that MERIT actually delivers as much—*or more*—taste than cigarettes having more tar.

Up to 60% more tar.

Yet MERIT delivers only 9 mg. tar. One of the lowest tar levels in smoking today. *Lower, in fact, than 98% of all cigarettes sold.*

If you smoke, you'll be interested.

Tobacco—Not Special Filters—Ends "Low Tar, Good Taste" Search

Special "low tar, good taste" filters are what most other cigarette makers came up with to try to get flavor into low tar smoking.

And are *still* coming up with.

But the answer, the real answer, comes from the other end of smoking. The tobacco end.

By "cracking" tobacco smoke down into its various ingredients, researchers at Philip Morris discovered there *are* certain basic ingredients more important to taste than others.

Ingredients that deliver taste way out of proportion to tar.

By selecting these high quality flavor producers that are also low tar contributing, 'Enriched Flavor' was carefully developed, perfected and packed into the tobacco used to make MERIT.

The taste-test results were startling.

MERIT and MERIT MENTHOL

Taste-Tested By People Like You

9 mg. tar MERIT was taste-tested against five current leading low tar cigarette brands ranging from 11 mg. to 15 mg. tar.

Thousands of filter smokers were involved, smokers like yourself, all tested at home.*

The results were conclusive:

Even if the cigarette tested had 60% more tar, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste.

Repeat: delivered more taste.

In similar tests against 11 mg. to 15 mg. menthol brands, 9 mg. tar MERIT MENTHOL performed strongly too, delivering as much—*or more*—taste than the higher tar brands tested.

You've been smoking "low tar, good taste" claims long enough. Now you've got the cigarette.

MERIT. Incredible smoking pleasure at only 9 mg. tar. From Philip Morris.

TOWN CENTER II ADDITION, on the northwest corner of Kraemer and Yorba Linda Boulevards will look like this artist's rendering. Construction has already started on 13,500 square feet of retail store space. The Early California designated project will stretch between Bob's Big Boy on the east and the Hacienda Bank on the west. Work on the bank building will begin in about 30 days.

Town Center Expands North

After a year of planning and preparation, construction has recently commenced on Placentia Town Center II. The shopping center will directly face Yorba Linda Boulevard and is bound on the west and east by Bradford Avenue and Kraemer Avenue respectively.

Town Center II will have 13,500 square feet of retail store space for lease. The store fronts will face Yorba Linda Boulevard and be positioned approximately 75 feet back from the street. Convenient and easy accessibility is provided by a left turn pocket entering off of Yorba Linda Boulevard in addition to Bradford Avenue and Kraemer Avenue which abut the property.

The architectural theme features an early California style building with Spanish red clay roof tile blended with compatible natural and stained wood beams and columns. The exterior walls will be constructed of slumpstone block with a white slurry coat wash to closely emulate the early California adobe structures.

The shopping center site will also feature several large California Sycamore trees and an abundance of other landscaping materials to complement the center.

For further information contact Jack Tarr of Diversified Associates at (714) 833-2161 in Newport Beach.

Revisions Cited In Election Code

An emergency Municipal Election Contribution and Expenditure Control resolution was unanimously approved by the Placentia City Council last Tuesday night in an effort to avoid conflicts with the California Political Reform Act of 1974 but keep tight control on expenditures in local races.

Placentia candidates will be required to make a campaign statement including their own contributions to their campaign; names of anyone contributing over $10 and anonymous contributions over $10.

A final campaign statement will itemize expenditures in detail unless the amount for the entire campaign is under $200.

Senior Citizens
BY MURIEL SUTTON

How grateful we are again for the delicious meal served by the Placentia-Linda Hospital. We were there last Tuesday. What wonderful food and such gracious hospitality; even help with our trays to the tables. This community outreach service is for all senior citizens of Placentia and Yorba Linda the first and third Wednesday of each month.

And yet another generous service comes from Esperanza Hospital February 17th at 12 noon. A luncheon and then free blood pressure test for those who desire it. This also is for all senior citizens of Placentia and Yorba Linda. Hope to see you there.

Our Membership Chairman Helen Zimmerman will be at the Womens Clubhouse every Monday, 9 to 4 p.m., for new members to register or present members to pay the 1976 dues which are now due and payable. Drop in and visit us and share a cup of coffee and doughnut. 9 to 4 is our social time and 1 to 4 Arts and Crafts.

Don't forget our Friday all day social time, bring your knitting, etc. or play cards, 1 to 5 p.m. We had a good attendance last Friday but hope to see many more of you next time.

We are growing by leaps and bounds and we all are very happy about that. If any of you would like to help the Meals on Wheels organization, they need drivers very badly in this area. For information call Mr. Konye at 996-4830.

This also is a great service for some of our seniors. We are really being taken care of in many ways by generous wonderful people.

Up With People

Up With People, the internationally acclaimed musical show, will be appearing at the Anaheim Convention Center on Thursday, February 19th at 8 p.m.

This performance is sponsored by The Register for the benefit of Register Charities, Inc. Tickets are $3.50, $4.50, and $5.50, all reserved seats available through the Box Office, Ticketron, Liberty, and Mutual Ticket Agencies.

The 1976 Up With People show is a kaleidoscope of original and contemporary music and dancing. This is not a "sit-back-and-listen" show. The theme is communication and everybody from six-year-olds to senior-participates.

Three casts of over 100 young people are traveling around the country, dividing into three smaller groups, performing in more than 700 communities -- in large cities and quiet towns, from Boston to an Indian reservation in New Mexico; on college campuses, in hospitals, orphanages, prisons, and at public squares.

Just recently, six groups of Up With People were the halftime entertainment for the 1976 Super Bowl in Miami, Florida.

Happy Valentines Day Dear Volunteers!

A happy Valentine from the Placentia Round Table is extended to all the women in the community who have been such sweethearts this past year by volunteering so much of their time and effort to help others, the group reports.

Many wives, mothers and career women have given countless hours of service to youth programs, to churches, to hospitals and health programs, to the many organizations that are committed to helping people in many different ways with no thought of compensation.

The Round Table proudly salutes these women volunteers for their unselfishness and love!

OOOPS!

Mrs. Jean Pierotti, former president of the Placentia Round Table and currently Youth and Family Living Chairman, was listing the many worthy projects club members have assisted over the past year, ending up with "and unwed mothers....we are contributing to that." Laughter from members made her realize what she had said. "Oh, I hope the Yorba Linda Star doesn't print that," she said indicating the reporter in the back of the room. Ooops again. It was The Placentia Courier.

ELECTED

Ray Wedaa has been elected President of the Orange Chamber of Commerce for 1976...**Placentia Presbyterian News.**

"Peggy's Pointers"

As you enter into the long-range project of decorating your home, you must plan to take things one step at a time. It is important to establish a set of priorities.

As we continue in the weeks ahead to explore ideas on decorating, try to keep in mind that I am just going from room to room in a typical house - each one is unique, and each has its own priorities.

An entry way is usually the point of departure for several areas - it is also the point of transition for colors and themes. For instance, suppose the entry opens on one side to the living room, and on the other side, to the family room. The colors you choose for the entry must blend with the colors in the living room as well as the family room. The better the color flow, the more unified the areas will look. If your living room is done in soft greens, and the family room is more to the browns, then it would be good to bring the areas together with a wallpaper which has both green and brown in it.

Hawk Cagers In Three-Way Tie

by Brian Hilderbrand

Winning two games, one over crucial Sonora, has thrust the El Dorado Golden Hawks' basketball team into a first place tie with two other teams.

The Hawks beat the Sonora Raiders in triple overtime last Tuesday night, 69-68, to edge into first place. ED traveled to Valencia Friday to drop the Tigers, 54-48, before a capacity crowd. Valencia was coming off a surprising win over league leader Canyon, and many were expecting yet another upset by the Tigers.

El Dorado, Sonora and Canyon all rest in first place in Orange League, with records of 5-2. El Dorado will meet the Canyon Comanches this Friday at Canyon's gym. That game should decide the Orange League championship.

El Dorado met the Raiders of Sonora last Tuesday. The Raiders got off to a quick start, outscoring the Hawks, 21-10 in the first quarter. ED closed the gap to seven points when the Hawks picked up 20 points in the second period. Sonora came up with 16, and led 37-30 at halftime.

The Hawks were still trailing the Raiders at the end of the third period, 52-44. It was not until the fourth quarter, with 2:45 remaining that the Hawks tied Sonora. Jim Boyd of the Hawks hit on a 20-footer to tie the game.

El Dorado got the ball back with 2:20 left in the game and went into a stalling situation until the clock showed :01. Sonora stole the ball, and shot a desperation shot from halfcourt, which was no good, sending the game into overtime.

In the first overtime period, Blake Withers drew a foul and shot two free throws to put ED in front, 60-58. Sonora's Bill Kuper tied the score at 60-all with a field goal. Only 50 seconds showed on the clock with his shot. That was the only scoring in that period, so the game went into yet another overtime with the score standing, 60-60.

With the score 64-62, Sonora's favor, Withers hit on a jump shot with 25 seconds left in the game to tie it at 64-all. With five seconds on the clock, ED's Ken Dressel missed a layup that would have won the game for the Hawks. Instead, the game went into the third overtime period with the score 64-64.

The score stood at 68-67, Sonora out in front, with six seconds left in the third extra period. ED's Withers got the ball and passed off to Rory Lovell, a 6'7" center, who tipped the ball in with one second left, giving the Hawks a 69-68 win.

Withers ended the game with 29 points. Lovell had 20 and grabbed 14 rebounds off the boards. Charlie Amaral led the Raiders with 23 points.

Valencia was the next obstacle the Hawks had to get by, but they would not dispose of the Tigers as easily as they had the first time the two teams met this season.

Valencia, however, was coming off a victory over league leader Canyon, and a very much improved Tiger team took to the court against the Hawks.

The Tigers held a 6-4 lead early in the game, but the Hawks quickly came back and the game was tied at 10-10 at the end of the initial period.

The game was very close in the second period, also. Valencia stayed within four points of the Hawks throughout the quarter. The Tigers held a 24-22 lead with just a couple of seconds left in the first half, but ED's Blake Withers hit on a shot at the buzzer to tie it up at 24-24 at the half.

ED pulled it out in the third period, and lead 42-36 at the start of the final period. Led by Rory Lovell's 10 points in the third quarter, ED started to relax, but soon realized that the Tigers were getting too close.

Valencia was within three points, 49-46, when ED began to open the game up. Jim Boyd tipped in a shot with one minute left, and Lovell hit two free throws with 27 seconds left to hold a 53-46 lead. Valencia's Kevin Traeger hit on a shot with 15 seconds left to close it to 53-48. But Traeger was hit with a technical penalty, and Withers made the free throw with 11 seconds left to ice the game at 54-48.

Lovell led the Hawks with 25 points and a dozen rebounds. Withers added 16 points. The Tigers were paced by Paul Gilbert, who had 20 points. Dennis Taylor pitched in with 14, and Frank Martinez added 10.

The Hawks were scheduled to play Esperanza on Tuesday, and the biggest game of the season for El Dorado will be on Friday. The Hawks will travel to Canyon for the league 'lead determining game.

Pepper Leads Warriors

by Scott Emblidge

Six foot 5 inch center Mark Pepper scored 72 points in two games as the Troy High School basketball team evened its league record at 5-5 by defeating the Sunny Hills Lancers and the Lowell Patriots last week.

Against Sunny Hills Pepper scored a career high 41 points along with pulling down 12 rebounds and blocking a pair of shots. In the Lowell game the pivot man tallied 31 points but his defensive play dominated the entire contest.

Although Pepper was the offensive star against Sunny Hills he had help in the victory in the form of defense, namely by forwards Pete Chapin, Chris Kingdon, and Steve Paden who all grabbed nine rebounds apiece in the 85-72 win. Chapin came off the bench to score 12 points becoming the only other Warrior in double figures.

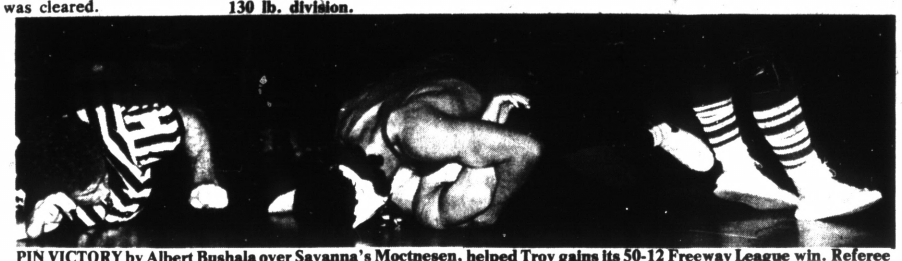
Troy was never threatened by the Lancers, holding a nine point first quarter edge and bringing the lead to 13 points after three periods of play. Pepper had 15 points in the opening stanza.

When Lowell traveled to Troy they found a gym full of Warrior supporters to greet them. It took just a few plays, fast break baskets and Pepper blocked shots to get the crowd on its feet.

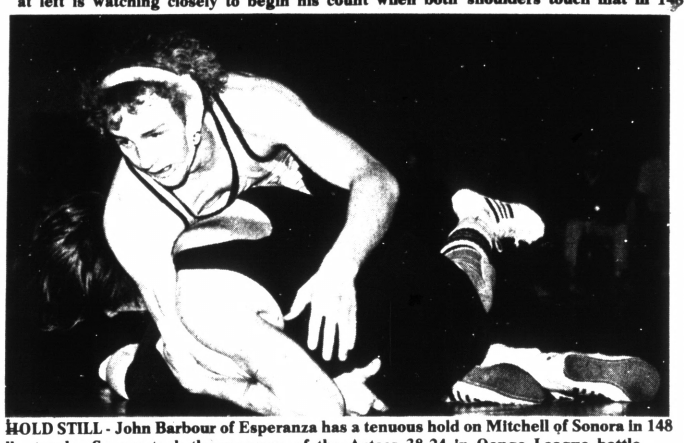
The inspired Warriors played an outstanding game, hitting 52 per cent from the floor and playing commendable defense. Chris Kingdon was the only other Troy player in double figures scoring 13 points. Twelve of Kingdon's points came in the 21 point first quarter where Pepper collected the remaining nine tallies.

Troy led 41-25 at the half and at one point led by 18 points while allowing the Patriots to score 20 points in just one period, the fourth, when the Warrior bench was cleared.

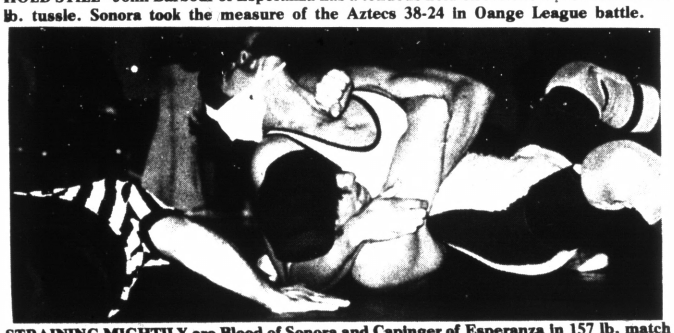
DECISION WIN was registered by Troy's Jim Baldwin, on top, as Warriors grappled way to convincing 50-12 win over Savanna. Baldwin scored a 4-2 decision over Echevera in the 130 lb. division.



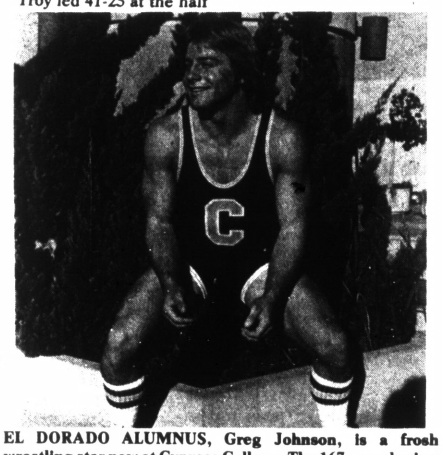
PIN VICTORY by Albert Bushala over Savanna's Moctnesen, helped Troy gains its 50-12 Freeway League win. Referee at left is watching closely to begin his count when both shoulders touch mat in 148 lb. match.



HOLD STILL - John Barbour of Esperanza has a tenuous hold on Mitchell of Sonora in 148 lb. tussle. Sonora took the measure of the Aztecs 38-24 in Oange League battle.



STRAINING MIGHTILY are Blood of Sonora and Capinger of Esperanza in 157 lb. match which saw Sonora come on to capture 38-24 Orange League triumph.



EL DORADO ALUMNUS, Greg Johnson, is a frosh wrestling star now at Cypress College. The 167 pounder is a member of the Cypress wrestling team rated number one in the state.

Warriors Rout Rebels

BY SCOTT EMBLIDGE

After an extended dry spell the Troy High School wrestling team finally hit it rich when they beat Savanna 50-12 Thursday evening on the Warrior's mats.

After opening with a victory over Sunny Hills, the Warriors went on to lose three consecutive matches. The only relief was a tie against Santa Ana Valley last Tuesday.

The first match of the night was an indication of how the rest of the evening would progress. 98 pound Matt McMahan totally controlled his opponent and ended it with a pin 53 seconds into the second round. McMahan's league record was brought to 4-2 with this victory.

Tim Lucas responded in the 106 pound class with another pin in the second round and then Stuart Haskins, at 115 pounds, continued the string with a first round pin. The score in the match at this point was a 18-0 shutout.

Charley Godard kept Troy rolling with an excellent 8-2 victory, combined with wins by Jim Baldovin, an 8-0 shutout by Brad Barrow and an 8-1 decision by Tony Bushala put the Warriors in overwhelming command 31-0.

Albert Bushala put Savanna out of reach when he pinned his foe after controlling the entire contest and leading before the finish 8-2.

Jeff Shore, wrestling in possibly the toughest class at 157 pounds, was the only unfortunate, when he was pinned to give Savanna their only individual victory of the evening.

Jeff Loftus put Troy back on track with an 8-0 blanking of his adversary to keep his undefeated record intact. Loftus has the best chance of any Warrior to take first place in league.

Steve Moyer came up next at 178 pounds and Moyer picked up his first win in commendable fashion by pinning his foe in the second round. Russ Hund finished the act for Troy when he took a 7-0 decision over his Rebel opponent.

After forfeiting the heavyweight class Troy ended up with a 50-12 victory that brings their league record to 2 wins 3 losses and a single tie.

The win also threw the Orange League into a three way tie for first.

Valencia in the hard fought game, made good on 69 percent of their shots. The Tigers missed only twice in the second half, made 36 points and held onto the lead.

Rainmaker Or Snowmaker

A couple of generations ago the rainmaker became popular during a dry spell. Today it's difficult to even find one. But you might discover a contemporary counterpart in the Jr. High "Snowmakers" at Rose Drive Friends Church in Yorba Linda.

For numerous weeks during the "long dry winter" it looked like the annual Jr. High Snow Camp might well change its name to "Dirt Camp." An artificial snow machine might have proved effective, but who can afford one on a Jr. High budget?

So the 7th-8th graders have kept praying for rain here, and snow at Camp Cedar Crest near Big Bear. It looks like their faith is paying off.

Doug Clark, Jr. High director at Rose Drive Friends Church is leading the snowmaking effort. He alternates between praying for snow and telling the young people what a great camp they will enjoy even if no snow comes. Either way he's counting on a good time.

With the theme, "Square Pegs in Round Holes," every camper can expect positive help for his life. Speaker Dick Adams from Azusa Pacific College will lead the sessions.

He will show the Jr. Highers how to overcome the feeling of not "fitting in" where they are - at home, at school, at church.

Forty or 50 of the 7th and 8th graders from Rose Drive Friends Church are planning to attend the weekend event, February 13-15. The adult sponsors anticipate even more will sign up if the snow making efforts succeed.

EOE's Convene

A series of collegiums that offer an opportunity for in-depth study of job-related activities and attitudes will be introduced to the California Association of Educational Office Employees when 500 to 600 members meet at the Disneyland Hotel Feb. 13-15 for their annual conference.

Instead of going to several workshops as they have in previous years, conference-goers will select one collegium in which to concentrate their time the afternoon of Feb. 14.

The final session will be followed by a four-hour seminar on collective bargaining, which goes into effect this year for all school districts in the state.

General chairwoman is Margaret Littlejohn of La Habra, a North Orange County Community College District employee.

Other county women on the committee and the educational institutions they represent are: Margaret Jones of Westminster and Dolores Ewalt of Cypress, Cypress College; Virginia Edziak of Yorba Linda, NOCCC District; and Marguerite Rasmussen of Santa Ana, Orange County Department of Education.

The conference theme, "Come Alive," is being keyed to the Bicentennial celebration and to the need for continued professional growth for continued service to education.

Patriotic Program

"Old Glory" the renowned speech presented by Sergeant Stanley Hickman, United States Marine Corps, will be the highlight of the Van Buren PTA meeting, Tuesday, Feb. 17 at 7:30 p.m.

Sgt. Hickman, who was born in Canada and chose American citizenship, travels extensively throughout the area enlightening people about the American flag and its history dating from 1776 to the present. He also demonstrates the proper care and presentation of our flag.

This program is open to the public and everyone is invited to attend.

A TRAIN LAYOUT attracts a prospective customer at the Morse Avenue Elementary School giant garage sale. Rain forced the 32-family garage mart inside the school's Multi-Purpose Room where it did a brisk business both Saturday and Sunday. Proceeds were collected to help teacher Jeanne Cox's fourth graders realize their goal of a trip to Sacramento. Here Dick Owen, principal of Kraemer Junior High School drops in and negotiates for the train layout as a present for his grandson [and grandad] with the approval of Mrs. Cox and four students who hope to make the trip, Laura Amoroso, Tania Feyka, Lori O'Donnell and Dale Carlson. Dale gave a magic show last Saturday and donated the $16 profit to the Sacramento fund.

ORDINANCE NO. 76-0-100

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PLACENTIA AMENDING CERTAIN SECTIONS OF CHAPTER 2.36 TO TITLE 2 OF THE PLACENTIA MUNICIPAL CODE, ENTITLED "MUNICIPAL ELECTION CAMPAIGN CONTRIBUTION AND EXPENDITURE CONTROL".

The City Council of the City of Placentia does ordain that Sections 2.36.010, 2.36.050, and 2.36.070 of Chapter 2.36 of Title 2 of the Placentia Municipal Code are amended and shall read in full as follows:

2.36.010 Intent and Purpose

(a) It is the intent of the City Council in enacting this Chapter to place realistic and enforceable limits on the amount individuals may contribute to political campaigns in municipal elections as well as limit the amount which a candidate can expend on his campaign to be elcted to municipal office for the purpose of preventing the exercise by campaign contributors of potential undue or improper influence over elected officials and to insure against a candidate being elected to office based primarily on the amount he expended on his carffpaign. The City Council finds that municipal elections are municipal affairs and consequently a charter city is not preempted by general state law from regulating expenditures in local elections.

(b) This Chapter is a supplemental regulation to the Political Reform Act of 1974 as permitted by California Government Code Section 81013.

(c) This Chapter requires the filing of certain state code forms modified to reflect additional information described in this Chapter. The purpose of the modified forms is to allow a single form which will satisfy the requirements of both the City and State.

2.36.050 Campaign Statement

(a) Statements Required. Each candidate for municipal public office shall file as a public record with the City Clerk three verified statements at times hereinafter required. Such filing shall supplement, those filings required by California Government Code Sections 81000 to 91000. Such statements shall list required contributions and the final statement shall list all total expenditures occurring during a campaign for municipal public office.

(b) Campaign Statement Contents

(1) Each campaign statement shall contain the following contributions:

(A) Made by a candidate to his own campaign, including date made and amount;

(B) Made by named persons if the amount is ten dollars ($10.00) or more, name of the contributor, address, amount and date made;

(C) Made anonymously if the amount is ten dollars ($10.00) or more, including date made and amount.

(2) The final campaign statement shall:

(A) Itemize expenditures in detail giving the person to whom paid, amount paid and for what purpose;

(B) If the total campaign expenses do not exceed two hundred dollars ($200.00), the candidate may file a declaration under penalty of perjury certifying that less than two hundred dollars ($200.00) was expended and no detailed statement is then required;

(C) Times for filing shall be as follows

(i) Forty (40) days prior to the election. The closing date for this statement shall be forty-three (43) days prior to the election.

(ii) Twelve (12) days prior to the election. The closing date for this statement shall be (15) days prior to the election.

(iii) Sixty-five (65) days after the election, the closing date for this statement shall be fifty-eight (58) days after the election.

2.36.070 Emergency Clause

The Ordinance codified herein shall take effect as an emergency measure immediately upon its adoption by the City Council in that the Ordinance codified herein is necessary for the preservation of the public peace, health or safety, and the Ordinance codified herein relates directly to an election. This Chapter creates serious, overlapping obligations for public officials and those running for public office and the immediate election to be held requires that public officials and those running for office be given notice of the effect of this measure.

PASSED AND ADOPTED THIS 20th DAY OF JANUARY, 1976.

ROBERT B. LYONS
Mayor of the City of Placentia

NewPTA Format

BY DAPHNE ERIKSON

Following the success of small group discussions conducted at its last general membership meeting, Sierra Vista School's Parent Teacher Association plans to follow a similar format at the next meeting, which is scheduled for Tuesday, February 17th. The meeting will convene at 8 p.m. in the school's Multipurpose Room.

Faculty and families alike expressed enthusiasm for the informality provided by group discussions held during the November 4th 1975, meeting. It was generally felt that the more personal atmosphere served to reinforce an already established rapport within the school community.

In acknowledging the wishes of its members, the school's PTA is resolved to further the association's primary objectives.

To develop between educators and the general public such united efforts as will secure for all children and youth the highest advantages in physical, mental, social, and spiritual education.

MISS PLACENTIA PAGEANT 1976 will be held on April 24 in the Valencia High School Auditorium to select the next reigning Miss Placentia for the city. Here Dick Harman, in charge of this year's pageant for the Placentia Chamber of Commerce, confers with the reigning Miss Placentia, Heidi Liebl and three candidates who have signed up for the pageant. All are El Dorado High School students, Deanna Musgrove, Tricia Donaldson and Renee Anello. Miss Donaldson is employed in the circulation department of the Star-Courier.

First Contestants Sign In

Miss Placentia, Heidi Liebl, greeted the first three contestants to the 1976 Miss Placentia Pageant today. Renee Anello, Tricia Donaldson and Deanna Musgrove will vie with other contestants for the crown of Miss Placentia and a holiday in San Francisco, compliments of Air California.

Young ladies interested in becoming contestants may pick up an application at their respective high school or from the Placentia Chamber of Commerce office. Miss Placentia, Heidi Liebl, and former Miss Placentia, Terry Harman, will be visiting the local high schools during the week of February 16 to answer questions about the pageant. Misses Liebl and Harman will be stressing the fact that the local Miss Placentia Pageant is not a "beauty contest."

The pageant is a preliminary to the Miss Orange County Pageant and the winner of that pageant represents Orange County at the Miss California Pageant. The winner of the Miss California Pageant represents the state at the prestigious Miss America Pageant U.S.A. in Atlantic City each September.

Chairman Dick Harman stated there is a need for Sponsors and Patrons for the pageant which will be held April 24 in the Valencia High School Auditorium at 8 p.m. Sponsors fee is $40 and Patrons fee is $10. Anyone interested in becoming a sponsor or patron is asked to call the Chamber office, 528-1873, or Chairman Harman at 870-8787.

FANCY FOOTWORK - Carl Ackerman of the Strikers looks like he is delivering a judo kick as he clears ball away from Stingers' Scott Audiss, middle, as Carl's teammate Rob Rehnquist, at left, runs up to get into the play. Stingers won Division 2 title with 1-0 victory in Junior United Soccer Association playoff.

JUBILATION is expressed by the winning Stingers as they take victory lap around field brandishing their Division 2 trophy and wearing their individual medallions. They beat the Strikers in the Junior United Soccer Association playoff game.

OUTTA MY WAY - As Mark Eaton of the Strikers takes a tumble and his teammate Mike Rohan, background, pursues, Curt Kockx of the Stingers has eyes only for the ball as his team beat the Strikers 1-0 in Junior United Soccer Association championship game for Division 2.
